PROFILE

I am highly organized, detail-oriented, and have strong communication skills. Highly adaptable due to wealth of experience from different disciplines. My English language proficiency comes from living in the US for four years. I enjoy to work with complex data sets. Due to my high school education, I am very creative with hands on experience with lot of artistic fields. I can work independently and I am not afraid to show initiative. I am diligent and dedicated. I am open minded and love to work in international environment.
